FOR IMMEDIATE RELEASE:

Synergy & Experience—REIG Companies Makes a Strategic New Hire

Residential Asset Manager chosen to manage REIG Companies' residential division in Southern CA.

San Diego, CA - October 24, 2016 - REIG Companies, one of the fastest growing real estate investment companies in California, announces that San Diego native Michael Finn has been hired as the Residential Asset Manager. The role was created to foster the vertical integration of the company's residential investment division, managing the life cycle of its properties from acquisition through disposition.

As the Residential Asset Manager, Finn will oversee the company's portfolio of residential investments. He will serve as the bedrock for identifying value-add opportunities with a keen focus on the operational processes which support each transaction. With Michael Finn's debut, REIG Companies is better positioned to explore markets outside of California and to further develop its portfolio in the single family space.

Brian Daly, REIG Companies' Chief Revenue Officer, commented "We couldn't be happier to have Mr. Finn join the REIG family – we are incredibly fortunate to have him. The combination of Michael's depth of experience, humble attitude and servant leadership qualities is hard to come by. I'm excited about the possibilities that lie ahead both for Michael, and for REIG."

Michael has over ten years of experience in the residential investment real estate market with a strong background in the analysis, acquisition, stabilization and disposition of residential properties. Previously, he worked for seven years at Meridian Pacific Capital as their Investment Sales Manager. As part of the senior management team, Michael was involved in developing and launching all channels of the Meridian real estate business.

When asked what attracted him to REIG Companies, Finn commented, "The more that I give to other people, the happier I'll be in my life...and I love being able to align that here at REIG." The combination of Finn's experience and his alignment to the company's core values create the perfect recipe for growth and success.

About REIG Companies

REIG is a multifaceted real estate firm in San Diego, CA. REIG Companies is comprised of three parts: a single family investment company, a multifamily construction company, and a multifamily investment company. REIG was founded in 2011 and continues to grow its resources (human and capital) exponentially each year.
